LYONS' KATHAIRON.—This delightful article
for preserving and beautifying the human
hair, is again put up by the original proprie-
tor, and is now made with the same care, skill
and attention, which first created its immense
and unprecedented sales of over one million
bottles annually. It is still sold at 25 cents
in large bottles. Two million bottles can easily
be sold in a year when it is known that the
Kathairon is the world, but that it cleanses the
scalp of seborrhea and dandruff, gives the hair a
lively, rich, luxuriant growth, and prevents it
from turning gray. These are considerations
worth knowing. The Kathairon has been tested
for over twelve years, and is warranted as
described. Any lady who values a beautiful
head of hair will use the Kathairon. It is
finely perfumed, cheap and valuable. It is
sold by all respectable dealers throughout the
world.

acidity of the stomach, creates an appetite,
and strengthens the system. It is a certain
cure for Dyspepsia, Constipation, Diarrhea,
Liver Complaint, and Nervous Headache, and
prevents Miasmatic disease from change of
diet, water &c. It can be used at all times of
day by old or young, and is particularly recom-
mended to weak and delicate persons.

E. O'BRIEN,

No. 301 Second Street.

HAS received his spring supply of Groceries, and is
constantly adding to his large stock of Groceries,
Wines, Liquors, and Cigars. He expects another lot
of White Fish next week in addition to the large quantity
of all kinds of Fish already on hand.

We advise our readers to go and see friend O'Brien,
and take a look at his grocery and liquor departments.
We are certain they will be satisfied with his prices,
and make no mistake. A more clever fellow never crossed
the Atlantic. Whatever he represents will be just so,
and no mistake. His store is just now crammed full,
and notwithstanding the high price of goods, he is
willing to dispose of them at the lowest possible rates.

He is well known through a large portion of Ohio
and Indiana, and gets credit for having pure Wines
and Liquors for medicinal purposes. He keeps con-
stantly on hand the celebrated S. T. 1860-X—Drake's

Fresh Fish.—The best qualities of Fresh
Fish, direct from the Bay, are expected this
afternoon and to-morrow morning, by Duff
& Anderson, 108 Main street, opposite the Phil-
lips House.

Wood for the Poor.—It is stated that on
Saturday, the 11th of April, the patriotic
farmers of Washington township, and on the
Western pike, intend bringing in wood for
poor soldiers' families. Good! Better late
than never.

Startling!—On Saturday last Mr. Good-
man, of the Popular Variety Store No. 110
Main street, actually received one dollar and
thirty cents in silver, in the way of change!
We have not been informed whether Good-
man has taken an interest in Life Insurance!

Police.—George Grub was recently ar-
rested on charge of breaking into cars of the
D. & M. Road, and stealing a quantity of
dry goods, &c., on which charge he will have
a hearing to-morrow.

Clara Hagan and his two sons have been
arrested on charge of receiving and secreting
stolen goods, knowing them to have been stolen.
They are being examined this after-
noon.

Diebold, Bahmann & Co's Safes.—
It is now generally admitted that the Safes
manufactured by Diebold, Bahmann, & Co.,
Cincinnati, are superior to any others in use.
These gentlemen were for several years in the
employ of the best safe manufacturers in
Cincinnati, and the high reputation gained
for their work was mainly owing to the supe-
rior knowledge and skill of the members of
the firm whose name heads this paragraph.
They are, indeed, the real inventors and in-
fectors of the only really reliable safe manu-
factured in the West for the last fifteen years.
Although they have been in business for them-
selves but about four years, a large number
of their unequalled safes are in use in this
city, and in almost every town and city in the
Great West. They are Inventors and Prac-
tical Workmen, and warrant their manu-
factures. Langdon & Brother, Hardware Mer-
chants, Main street opposite the Court House,
are Agents for this city, and we commend
those who want to purchase the best safe to
call on them and examine one.

A "Wagon"—On last Saturday we saw
an improvised "Sulky"—a wagon on two
wheels—an institution which, for simplicity
of design, disregard of style, sparseness of
material, innocence of iron, and general
primitiveness of construction, took the shine
off of any thing we had ever seen. Two dilapi-
dated buggy wheels seemed to have been taken
for a "base," these were connected by a
rough stick for an axle, the ends being whittled
off so as to pass through the hubs; a
rude platform was elevated about two feet
above the axle by two strong wooden pins
surmounted by a board, serving as a seat for
the driver; the shafts were two diminutive
hickory saplings with the bark peeled off; and
the wagon was hitched to a ragged-looking
horse by means of ropes fastening the
ends of the shafts to a broad strap around
the animal's breast; and the Conductor of
this singular locomotive was put up in a pre-
Raphael style of costume which resembles
that of the earliest inhabitants, as shown by
the old prints of fifty years ago. The turn-
out was greeted with a stare wherever it ap-
peared, and got up a general sensation.

Sharples Arrived!

The famous
Sharples Minstrels arrived in the city this
morning by the Eastern train, and the "Iron-
Clads" marched up street to their quarters at
the Phillips House, making the cheeriest mu-
sic on their route that we have heard for man-
y a day! They drove every thing like the
blues before them; the people were electrified
everywhere, and delight spread like a con-
tagion! At noon to-day Sharples' Band ap-
peared on the Promenade at the "Phillips,"
and again favored the People with a liberal
instalment of most charming music.

To-night the "Iron-Clads" give their first
entertainment at Huston Hall. They will as-
tonish old-goers with the amount and quality
of their show—completely setting in the
shade all the old favorites! They are the
"Monitors" of the profession, and knock all
pretenders clear out of water. But we'll
have more to say about the Sharples to-mor-
row, and in the mean time they will be greet-
ed with a crowded Hall.

Ho! for Sharples, at Huston Hall, this
evening!

Moving.—The great annual changing of
domestic base has already commenced. On
Saturday we observed the advance moving—
three drays loaded with household imple-
ments, with ragged boys and dogs thrown out
as skimmers; this morning, and at inter-
vals during the day, detachments continued
to move along with their trains, without re-
gard to order, and the "infantry" in most
instances were sadly out of fix, making mo-
ving appeals for aid from the Commissary's
Department. The forces are moving in
every direction, and massing at all conceiv-
able points, and the demonstration is expected
to culminate on the 1st proximo, when a
"general engagement" will take place along
the whole line.

Beckel Hall.—George Francis Train, the
celebrated traveler and eccentric and popular
lecturer, will address the People at Beckel
Hall, on Wednesday evening, April 1st. The
subject will be—"England: her Hypocrisy,
Bankruptcy, and Downfall. America! and
the Union in all its Power and Greatness."

No lecturer has created the excitement
throughout the country that Mr. Train has.
If he cannot interest his hearers we don't be-
lieve any other speaker can. Go and hear
him on Wednesday night. Admission 25
cents.

Societies, or individuals, who wish to ac-
quire Mr. Train, can address him for a few
days at Cincinnati.

Deaths.—A letter just received from Cor-
inth, Mississippi, informs us of the death of
John Sifford and Henry Wanbold, of the 63d
Ohio, both of this county. The Dayton boys
were well, and the general health of the Ohio
Brigade has improved since we last heard
from it.

WORTHY OF THE NINETEENTH CENTURY.

DR. E. CONWAY'S
LINIMENTUM
FOR the speedy and effectual cure of
RHEUMATISM

IN presenting the "Linimentum" to the public as
one of the best and most curative medicines of the
day, I do not wish to be understood as claiming for it
the power of performing a miracle of cures. But I DO
claim that for all the purposes of a FAMILY MEDI-
CINE, it has no equal. The "Linimentum" has

NEVER BEEN KNOWN TO FAIL.
In any case of Rheumatism, no matter of how long
standing, where the directions were carefully followed,
no matter, in the case of any disease for which it is
recommended.

In cases of Neuralgia, Pains in the back, side, and
chest, Grains in the stomach, Sprains, Spinal Irrita-
tion, and Weakness, Chronic Sores, Burns, Scalds,
Frosted Feet and Hands, Toothache, Headache, &c.,
it acts like a charm.

The "Linimentum" is the result of many years
careful experiment, and contains among its rare
excellencies the permanent virtue of

An Extraordinary Penetrative Power,
which no other Liniment possesses, and which is the
secret of the unparalleled success which attends the
"Linimentum" wherever it is used.

TRY IT ONCE, AND YOU WILL NEVER RE-
WITHOUT IT.

It is put up in 25 cent, 50 cent, and \$1 bottles, with
full directions for use, and manufactured only by
